Z 0700 290-9-12-.07(1) APPLICATIONS

*Information. An application for a license to operate a narcotic treatment program must be submitted by the governing body to the Department on forms provided by the Department, must contain all information and documents designated by the Department, and must include assurances satisfactory to the Department that the program is in compliance with all applicable federal and state laws for the handling and dispensing of drugs and all state and local health, safety, sanitation, building, and zoning requirements. The application must also include a comprehensive outline of the program to be operated by the applicant, including written operating standards that demonstrate an organizational capability to meet these rules.*

This Requirement is not met as evidenced by:

**Based on a relocation survey and staff interview, it was determined that the facility failed to be in compliance with safety, sanitation, building, and zoning requirements. The findings were:**

**During the relocation survey on 11/10/11, the facility was unable to provide the following items: fire inspection, pest control contract, biohazard waste and waste contract, business license, security alarm contract, and lease/ownership paperwork.**

**An interview on 11/10/11 at 11:30 a.m., with the owner, he/she stated that the facility did not have any of the above documents.**
